## Bully's bite kids live in fright

ALL ADULTS SHOULD BLOCK ALL OF THE SITES THAT GIVE YOU VIRUSES. YOU SHOULD WATCH WHAT SITES YOUR KIDS GO ON AND MAKE SURE YOUR KIDS ARE NOT GOING ON SITES THAT ARE LIKELY TO DOWNLOAD A VIRUS ONTO YOUR COMPUTER. THESE ARE SITES LIKE GAMES SITES, YOU TUBE ETC.

ALL KIDS AND ADULTS NEED TO BE CAREFUL OF WHO THEY ARE TALKING TO WHEN THEY ARE ONLINE. IF YOU ARE TALKING TO SOMEONE ONLINE AND THEY SAY THEY ARE A 9 YEAR OLD GIRL THEY COULD REALLY BE A 40 YEAR OLD MAN.

CHATTING ONLINE IS NOT SAFE FOR KIDS UNDER 10 YEARS OLD BECAUSE OF TRACKERS THAT CAN GET YOUR PARENT OR GUARDIANS BANK ACCOUNT DETAILS.

KEEPING SAFE ONLINE IS NOT GIVING OUT PERSONAL INFO SUCH AS; PHONE NUMBERS, BANK PINS, YOUR LOCATION, PHOTOS, EMAILS AND LOTS MORE.

A CHAT ROOM IS AN ONLINE THING WHICH LETS YOU TALK TO PEOPLE ALL AROUND THE WORLD, SOME PEOPLE IN CHAT ROOMS MAY NOT BE WHO BE WHO THEY SAY THEY ARE. THEY MAY BE TRYING TO GET YOUR PERSONAL DETAILS. OR SCAM YOU.

SOME CHAT ROOMS ARE SAFE BUT YOU NEVER KNOW WHICH ONES. HERE ARE THE NAMES OF SOME POPULAR CHAT ROOMS, FACEBOOK, IMVU, MY SPACE, MSN AND TWITTER.

*By Anee, Travis and Claudia.*
